

# STAY WITH BLUE SHIELD FOR LESS

Great news! **You may be eligible to get financial help.** To get the subsidy, you will have to enroll in a health plan sold through Covered California.

If you want to keep your current Blue Shield plan, you may be able to keep it since most Blue Shield plans are sold through Covered California and you can still use the subsidy. Or we may have a similar plan within your current network.\*

**Contact us at (888) 202-0331 to enroll in a Blue Shield plan through Covered California.**

**Let's take a look:**

- Nearly identical plan with the same network
- Consider these other plan options
