

# Continuity of care request form (California)

Continuity of care is a process that allows continued care for members who change plans. It also applies when plans or provider(s) have been terminated from the participating provider network. Coverage depends on the terms and conditions of your plan.

If you meet certain criteria, you may be eligible to continue treatment with your current doctor. Review the information below to see if you qualify. If you need help, call the Customer Service Prior Authorization number on your Blue Cross Blue Shield Federal Employee member ID card.

#### Instructions:

**Review Part 1** of this form, which is an overview of how to qualify for continuity of care services. Note: This is subject to eligibility and the terms and conditions of your plan.

**Complete Part 2** of this form, which requests information about the treatment our member is undergoing and the provider or facility involved in the member's care.

**Complete Part 3** by attaching the requested treatment documentation:

- · Notes from the initial consultation with the member's provider
- The last three progress notes from the member's provider
- The members' treatment plan

Review Part 4 and complete the certification and authorization box.

### Part 1 – Qualifying medical conditions:

Depending on the plan terms and conditions, members may qualify for continuity of care for certain services that began prior to the termination date, such as:

- · Terminal illness treatment.
- An active course of treatment for an acute medical condition, maternity care, mental health or substance use disorder. These must require prompt medical attention over a limited amount of time during which care can be transferred to a contracting provider.
- Treatment for a serious and complex condition, or as part of an active course of treatment for a serious chronic condition, not to exceed 12 months from effective date of the provider's termination date.
- Pregnancy care in the 2<sup>nd</sup> and 3<sup>rd</sup> trimester, or postpartum care (up to 10 weeks after delivery date).
- Care of a newborn up to 36 months of age that does not exceed 12 months from effective date of the provider's termination date.
- A surgery or other treatment that was recommended and documented by the provider to take place within 90 days of provider's termination date, was started or planned prior to the providers termination date and was authorized by Blue Shield of California.
- Inpatient Care when the member is hospitalized on the date of termination or as part of an urgent or emergency admission until member is stable to transfer to a contracting provider.

## Part 3 – Please attach the following documents.

- · Current progress notes from the member's provider(s); and
- Member's treatment plan (if separate)

#### Part 4 - Review

Please note: Blue Shield can only approve continuity of care services upon receipt of the treating provider's signed agreement to:

- 1) Accept Blue Shield's standard participating provider contracted rate.
- 2) Accept Blue Cross standard participating facility contracted rate.
- 3) Collect only the member's standard copayment/coinsurance.
- 4) Refrain from balance billing the members for any amounts resulting from financial disagreements
